

Newsletter No. 1

May 2007

Dear Friends,

Summer is fast approaching and we have been busy at Daphne's Club preparing the new season for you! Here is an update on our activities:

Environmental update

Our **recycling corner** has been expanded, with receptacles for paper, plastic bottles, glass bottles, cans and batteries.

The **detergents** we use for cleaning the hotel and your apartments are now fully eco-friendly.

Our **breakfast** is now fully organic, with bread and cakes baked here at the hotel! In addition, from now on you can order your own loaf of bread for the next morning.

Last, but not least, we are especially proud to announce that since the beginning of May we are implementing the **Check out for Nature project** of the international conservation organization **WWF**. In a nutshell, this project allows guests to donate 1€ to WWF through their hotel bill. In this way, by staying at Daphne's Club you can be making a small contribution to saving our planet and adding your voice to that of thousands of others asking for sustainable development in general and sustainable tourism in particular!

Technological update

For all of you who would rather not pay extravagant roaming bills when abroad, we have **Greek SIM cards** to offer you! So your friends and relatives can reach you easily and you can reach Daphne's Club if you need us!

We have also installed **Skype** on our guest computer, so if you already have an account, just sign in and make your phone calls as if you never left your office!

DAPHNE'S CLUB Hotel Apartments

Decorations update

We have been feeling rather romantic lately, so we decided to redecorate apartment No. 3 "Iris" in a **honeymoon mood!** If you are not newly weds, do not be put off! There is always a good excuse for choosing a romantic room!

In a moment of inspiration we also **redecorated the living room** of apartment No. 2 "Jasmine"!

Belly-dance workshop

We would also like to remind you of our German-language belly-dancing workshop in September! Bahara will come all the way from Vienna to teach you and your friends all those nice hip movements! So if you feel like dancing, hurry up and reserve, as there are few places left!

Thank you for taking the time to read all about our new activities! If you have any questions, or if you would like to find out more about any of the above, do not hesitate to contact us.
